Subject: Draft Hazardous Waste Determination

Hi Alex and Amie,

I have attached our draft Hazardous Waste Determination regarding the materials in the various contaminated buildings on the Dico site. Before we finalize this document, we want to give you a chance to review it.

Also I want to let you know that I will not be able to join the call tomorrow due to a meeting in St. Louis. Several other EPA folks will be on the call and will keep me informed of the discussion.
